What is the difference between language acquisition and language learning.. Some people use the term of language acquisition for all the phases that lead to language fluency, including learning to read and write. Others use the term of language learning even for babies and very young, pre-school children.- But there is a fundamental difference between these two terms.

Language acquisition versus language learning

For voluntary immigrants, learning the new language and participating in this new speech community is, in the long run, viewed as a positive and exhilarating experience. Voluntary immigrants plan to add this new language and culture to their repertoire of language styles. They expect to participate in additive bilingualism.
