### **Catgenie Solution Substitute**

An unknown percentage of CatGenie owners, myself among them, have received a bowl (the part that holds the granules) that was not quite perfectly round. When the bowl isn't round the granules can get forced up under the rim of the upper housing (or "brim" in CatGenie terminology) at which point they travel around the lip of the bowl, get dislodged by the processing unit and collect in the base.

### **CatGenie**

CatGenie is just terrible with their customer service for this product and in general, but it's kind of mandatory for their system so you kind of just have to suck it up and pay. There's no other way to buy the solution (and no support for Prime shipping, because CatGenie wants to overcharge and keep the cash for themselves).
