### **Amazon.co.uk:Customer reviews: Evocative Autoethnography ...**

Abstract: Autoethnography is an approach to research and writing that seeks to describe and systematically analyze personal experience in order to understand cultural experience. This approach challenges canonical ways of doing research and representing others and treats research as a political, socially-just and socially-conscious act.

### **Table of Contents: Evocative autoethnography**

But that is just the beginning of an explanation of this personal, emotional, analytic, and often evocative approach to ethnographic research. Jones calls autoethnography a “blurred genre overlapping writing practices in anthropology, sociology, literary criticism, journalism, and communication” (Jones, 2005, p. 765).
