Experience And Education John Dewey

Experience and Education is a short book written in 1938 by John Dewey, a pre-eminent educational theorist of the 20th century. It provides a concise and powerful analysis of education. In this and his other writings on education, Dewey continually emphasizes experience, experiment, purposeful learning, freedom, and other concepts of progressive education. Dewey argues that the quality of an educational experience is critical and stresses the importance of the social and interactive processes of

Experience And Education - John Dewey - Google Books

Dewey focused on the criteria of experience by arguing for continuity of experiences that are worthwhile and in accordance with democratic ideals. Traditional education, by the nature of its physical and social setting with supremacy of specialization, conformity and perpetuation, cannot be responsive to this ideal experience.
