Littering is one of the biggest ways that plastic ends up in the ocean. When one person does it, it may not seem like a big deal. However, just one piece of plastic can harm sea life and disrupt ecosystems. On beaches, one of the most common places for pollution, the litter will end up in the ocean. It all adds up.

3 Causes of Ocean Plastic Pollution — Sea Going Green

It's safe to say that going green is "in." As the general public is growing more concerned about the state of the environment, more corporations are adopting sustainable practices to stay in their good faith. Unfortunately, this trend may have a dark side.

US Navy Plans to Pull F-35 Fighter Jet Out of South China Sea

“Unfortunately, every trend suggests that more and more [pieces of garbage] are going to wash up,” Pritchard says. Climate change could also cause an issue in the future. “With green sea turtle eggs, as is common among reptiles, the sex of the hatchlings depends on the temperature of their surroundings,” Pritchard says.

We are going to do it, again, in a few months can't wait. Adventures By The Sea were great in terms of customer service. They helped us determine what was best for a day excursion. Thank you! - Nancy, TripAdvisor. Great fun. We had a blast! A few of us had ever kayaked before and they were helpful and made us excited.
