A simple drop in solution that provides accurate decimal rounding, flooring, and ceiling to a specific number of decimal places without adding a whole library. It treats floats more like decimals by fixing the binary rounding issues to avoid unexpected results: for example,  $\text{floor}((0.1+0.7)*10)$  will return the expected result 8.

## **How to round to at most 2 decimal places, if necessary?**

History. The software quality metrics of coupling and cohesion were invented by Larry Constantine in the late 1960s as part of a structured design, based on characteristics of “good” programming practices that reduced maintenance and modification costs. Structured design, including cohesion and coupling, were published in the article Stevens, Myers & Constantine (1974) and the book Yourdon ...

IMO 2020 - A Breath of Fresh Air - download the infographic (PDF) by clicking on the image.. 3. What must ships do to comply with the new IMO regulations? The IMO MARPOL regulations limit the sulphur content in fuel oil. This means ships must use fuel oil which is inherently low enough in sulphur, or install an appropriate exhaust “alternative” method, in order to meet IMO requirements.

## **IMO 2020 - cutting sulphur oxide emissions**

implementation of building information modeling to determine optimum practical strategy. This Standard is a reflection of the teams work and will be reviewed periodically to ensure that it is reflected of current best practices.
