Seeing Like a State: How Certain Schemes to Improve the Human Condition Have Failed is a book by James C. Scott critical of a system of beliefs he calls high modernism, that centers around confidence in the ability to design and operate society in accordance with scientific laws. It was released in March 1998, with a paperback version in February 1999. The book catalogues schemes which states impose upon populaces that are convenient for the state since they make societies "legible", but are not

Seeing Like a State - Wikipedia

In Seeing Like a State, Scott explores how attempts to radically transform and improve the human condition have failed. He identifies the central problem of statecraft and of government as one of legibility; the state must make its citizens and their activities visible before it can appropriate revenue and This is the kind of book that restores my faith in academic theory.

Seeing Like a State How Certain Schemes to Improve the Human Condition Have Failed. James Scott. Compulsory ujamaa villages in Tanzania, collectivization in Russia, Le Corbusier’s urban planning theory realized in Brasilia, the Great Leap Forward in China, agricultural “modernization” in the Tropics—the twentieth century has been racked by grand utopian schemes that have inadvertently brought death and disruption to millions.

Seeing Like a State How Certain Schemes to Improve the ...

Scott’s focus is on “seeing” like a (high modernist) state; the question this book asks is: how does such a state see, and what does state-like perception systematically miss? Scott argues the state’s vision is limited to the conscious, the rational, and the abstract - it cannot see beyond what Nassim Nicholas Taleb has called “the Platonic fold.”
