The Mask of Benevolence: Disabling the Deaf Community. \$12.95. First published in 1992, now hailed as a classic, The Mask of Benevolencetakes an unflinching look at the gulf that separates the Deaf minority from the hearing world— a world that regards deafness as a deviance that must be fixed at all costs. This new edition has a new preface and new chapter on the science and ethics of cochlear implants.

The Mask of Benevolence: Disabling the Deaf Community. made the case effectively. Discrimination has existed in the United States since the first school for the deaf was established in the early 19th century and existed in France for generations before that. However, Lane forfeits credibility by sensationalizing the situation and, even more grievous, by betraying his ideals through arrogant, paternalistic, and condescending behavior toward deaf people in general and deaf Africans in particular.
